* HONORARY HUGHES SCHOLAR

Honor Roll of Hughes Scholars

The Sarah T. Hughes Scholarship Program was created in 1981, and named after Judge Hughes in 1972 to honor her pioneering career. The purpose of the scholarship is to increase the diversity of the legal community to reflect the socioeconomic diversity of the population of North Texas. Judge Hughes' path to law school was non-traditional. Scholarships are awarded to outstanding students, many of whom are first generation college students, who possess determination, perseverance, and a sense of purpose and who plan to remain here after graduation, practice law, and become leaders in our community.

The scholarship program has allowed outstanding law students to complete a legal education many would have previously thought beyond reach.

One Hughes Scholar said of the scholarship, "This scholarship is a source of empowerment because it places responsibility in the hands of those who have been traditionally under-represented in the legal community".

The students' tuition is funded from the proceeds generated by the annual Bar None show and the Dallas Bar Foundation through their annual dinner event, *An Evening With...*
